## Address by the Head of the Community

I am glad to welcome you to the Kolomyia United Territorial Community!

The sphere of interests of the Kolomyia community is from the Dniester to the border with Romania. This means that we are ready to bear responsibility for the prosperity of the entire region. We have enough energy and professional people to ensure the development of the defined territory. People are ready to follow Kolomyia, because the success of Kolomyia is the success of Pokuttia, the success of the whole Galicia.

Among the advantages of the Kolomyia community are a favorable geographical location, the intersection of international, state and regional highways, a railway hub, the availability of labor and natural resources, free production facilities in the industrial sector, positive dynamics of agricultural development.

I am convinced that on the territory of the community you will find reliable partners, profitable offers, as well as the support of the authorities, which will become a professional partner in investing and implementing investment projects. We are determined to effectively develop all areas of business and social sphere in order to ensure proper socio-economic and cultural growth.

I believe that our community will continue to move in this direction - we will have new enterprises and jobs.

I invite you to joint and fruitful cooperation!

Let's move towards a common goal and a better future!
